MALBEC LUJÁN DE CUYO 2019

Lagarde is pleased to introduce Primeras Viñas, an exclusive collection of red wines, each of which is the result of the hard work and time invested in a special vineyard, their age and treatment. Their aging process takes between 16 and 18 months in French oak barrels, with at least 12 months of stowage in a controlled environment, resulting in great storage potential.

STORY

Made from malbec grapes, which come from ancient vineyards planted in 1906 and 1930. The old vines give better quality grapes, resulting in more expressive, aromatic and concentrated wines. In addition, they have a greater regularity in their production over the years.

Generally, these plants have low yield and balanced vigor. The clusters and berries are small, which increases the concentration of polyphenols and aromas of the wine.
