MALBEC MAYOR DRUMMOND 2021

Primeras Viñas, an exclusive line of Lagarde red wines that are unique and elegant, where each one is the result of work in a special vineyard, taking into account its age and management. They are aged between 16 and 18 months in French oak barrels, with at least 12 months of cellaring in a controlled environment, resulting in a great aging potential.

STORY

A Controlled Designation of Origin (D.O.C.) is the name that identifies products originating from a region, whose particular qualities are due to the geographical environment, which includes both natural and human factors that generate its production. The D.O.C. regime. Luján de Cuyo is based on the free and voluntary association of winegrowers and winemakers of fine wines in the region with the objective of mutually taking advantage of the special ecological and vineyard characteristics that distinguish the geographical area of Luján de Cuyo, which allows the production of quality products perfectly differentiable from others produced in different natural conditions. District Selection D.O.C. wines are red wines for cellaring that come from a single District of Luján de Cuyo, in this case Mayor Drummond, and that comply with the rules of the Board's regulations.

TASTING NOTES

- Deep, bright purplish red color.
- Display of aromas ranging from black and red fruits such as plum and blackberry, to subtle floral notes and spicy touches. Delicate notes of vanilla and chocolate from its oak aging are also perceived.
- This wine shows a solid structure with soft, round tannins that provide a velvety sensation. Full-bodied with very good concentration of fruit flavors. Its balance between acidity and sweetness is remarkable, and its finish is long and persistent, leaving a sensation of elegance and complexity.

SUGGESTED PAIRINGS

Ideal to pair with roasted red meats such as rib eye or lamb.
