## PRIMERAS VIÑAS MALBEC GUALTALLARY 2020

*This wine is the result of years of experience and trials in different terroirs of the Uco Valley. Specifically in Gualtallary, a region with which Sofia fell in love with the vision and search to elaborate batches from different vineyards. This vintage is Juan Roby and Sofia's first joint interpretation of this vineyard. It is a Malbec with a natural, austere wildness that comes from a vineyard blessed with its soil.*

## HISTORY

Wines from grapes that are carefully selected from special sectors within a vineyard plot and harvested using precision viticulture techniques. Thanks to this process, we obtain the most authentic and distinctive expression of each terroir. We have been carrying out exhaustive studies of our soils for several years, as a result of which we know in detail and classify each of our plots according to their potential.
