

Teia

by LAGARDE

TORRONTÉS 2023

A range of fresh wines that have minimal intervention in the cellar. With these wines, the aim is to highlight to the maximum the quality of the grape produced by Mendoza's vineyards, the result of years of work.

STORY

Teia is the word that Basilio, Sofia's son, used to call upon the stars to greet them when he was a child. These wines allow us to continue playing with the opportunities that Mendoza's terroir gives us, allowing us to obtain a series of blends meant to be enjoyed but also, to watch evolve and grow.
