MALBEC MAYOR DRUMMOND 2022

Lagarde is proud to present Primeras Viñas, an exclusive line of red wines that are unique and elegant, as each one is the result of work in a special vineyard, taking into account its age and management. They are aged between 16 and 18 months in French oak barrels, with at least 12 months of cellaring in a controlled environment, resulting in a great aging potential.

STORY

Made from malbec grapes, which come from ancient vineyards planted in 1906 and 1930. The old vines give better quality grapes, resulting in more expressive, aromatic and concentrated wines. In addition, they have a greater regularity in their production over the years. Generally, these plants have low yield and balanced vigor. The clusters and berries are small, which increases the concentration of polyphenols and aromas of the wine.
